

The R&D (Research & Development) program invites artists, curators and other cultural producers to articulate their research and development of ideas and objects through a supported exhibition or project. These exhibitions and projects may be group, solo, or collaborative endeavors.

ELIGIBILITY

This call-for-entries is open to all established or emerging artists, curators and cultural producers who are 21 years old or older. Applications must show promise and strong conceptual grounding. As the name of the program suggests, we're looking for artists who are delving into or willing to delve into research and then developing that research into projects.

DEADLINES

Applications are reviewed once each year. To ensure applications are considered in a timely manner, please coordinate so your application arrives at SPACES by the posted deadlines on our website. These are not postmark deadlines.

APPLICATION DETAILS

Each application must include: a completed application form, 150-word artist/curatorial statement, one-page C.V., 10-15 still image work samples OR 2-3 two-minute segments of audio and/or video (or appropriate combination of images, video, audio and web-based work), work sample list and application fee.

Incomplete or inaccurately assembled applications will not be considered. Notifications of acceptance or rejection will be sent via email. Please update your contact information if anything changes before you receive notification.

WHAT TO SEND VIA MAIL

A completed hardcopy of the application form, application fee and one CD that includes work samples, work sample list, artist/curatorial statement and C.V. All materials should be mailed to SPACES to arrive on or before the posted deadline.

WHAT TO INCLUDE ON THE CD

Work samples, a work sample list, a 150-word artist/curatorial statement and one-page C.V. should be submitted on one CD-R. All text documents should be in PDF format and no larger than 1MB each. Word

documents, RTF, TXT, and others, although handy, will not be accepted. Free online services can convert most documents to PDF. Each PDF should be no larger than 1MB. Name each file according to the following format where "artistslastname" is the last name of the artist or name of the artist collective:

artistslastname_statement.pdf
artistslastname_cv.pdf
artistslastname_worksamplelist.pdf

All filenames should be in lowercase with no spaces.

STATEMENT

Each application should include a 150-word artist/curatorial statement succinctly describing the artist's work or proposed project. Statements longer than 150 words will not be considered. Please refrain from frilly artspeak.

C.V.

Include a one-page C.V. listing the artist/curator's birthdate (to verify that the applicant is 21 or older), education, significant exhibitions/events & bibliography.

WORK SAMPLES

Work samples must have been completed within the last two years. All submitted materials (CDs and DVDs) should be clearly labeled with the artist's name and address. Curatorial proposals should include work samples from artists in the proposal.

- **Images:** 10-15 digital images should be submitted in JPG format, 72 dpi, no larger than 1MB each, burned to a CD-R. No DVDs or CD-RWs of still images will be accepted. Please do not submit images in PDF, Flash, PowerPoint, or Kodak picture format. Please label all images in the following format: number_artistslastname_title.jpg where "number" is in a two-digit format and refers to the order in which you wish the image to appear; "artistslastname" is the last name of the artist or name of the artist collective; and "title" is the title of the piece. All text should be

lowercase with no spaces. Examples look like this:

04_grosse_skrownorepap.jpg or
09_guerrillagirls_dearestelibrad.jpg

Make sure all CDs are readable on both Mac & PC.

- **Video:** Video should be submitted on a CD-R (not DVD) as 2-3 segments of two minutes each. Files should be no larger than 40MB and in .mov or .m4v format. **No other formats or disc types will be accepted.** Please only submit video art, or video documentation of an art piece that requires video to be fully experienced. Do not send video walk-throughs of static exhibitions or video slide shows.
- **Audio:** Audio should be submitted as separate MP3 files on CD. Each track should be no longer than 2 minutes. Follow the filename format for works as indicated above.
- **Web-Based:** Web-based work should be submitted as a URL listed in the work sample list. Please only submit web-based projects. A portfolio website that features audio/video art and still images won't be considered.
- If you wish to submit work that includes multiple formats, you can calculate the appropriate amount of material to submit by using this equation:

2-minute audio/video clip = 1 website = 5 images.
- Include a work sample list that corresponds to the submitted materials, indicating file name, title, date, dimensions/duration, media and one brief explanatory note (if applicable) for each piece.

APPLICATION FEE

A non-refundable application fee of \$10, payable to SPACES, is charged to cover handling and processing of applications. The fee must be submitted in the form of personal check or money order. Current SPACES members may apply for free. That's right: free. If you are unsure of your current membership standing, please call SPACES.

APPLICATION EVALUATION

Applications are evaluated by a porous committee of artists, community members, board members and SPACES staff. In some instances, artists are invited to participate in R&D without submitting an application. Applicants will be notified via email as soon as possible after the review on the status of their application. Please do not call or email to follow up. No materials will be returned. Please do not include a SASE.

ADDITIONAL INFORMATION

A floor plan of the gallery space is included below. We do not require you to propose a layout nor do we suggest that your proposal should involve the gallery rather than an off-site project. It is included for your information. Use it as you wish.

Shipping, equipment and honoraria are handled on a case-by-case basis to be negotiated by the artist/curator and SPACES. Accepted artist applicants may be in solo or group exhibitions. Curatorial proposals may or may not be accepted as a whole, but may be whittled down or augmented in cooperation with the proposing curator.

Please visit <http://www.spacesgallery.org/artists/apply-to-exhibit/rd> before calling or emailing with questions. There you will find an extensive FAQ.

 = Non-exhibition space

Ceiling: plaster, lath & wood beams
 Ceiling height: 11' 11" w/ variations

Floor: wood

Exterior Walls: drywall w/ plywood backing unless otherwise noted

Interior walls: drywall

Columns: wood

Interior walls are subject to change.
 We also have three moveable walls that measure 8' 1.5" x 9' 6.5" x 2' 6".

We often exhibit R&D, SWAP and SPACELab artists in the gallery at the same time, so the full extent of the gallery space is not always available for a single exhibition.
