

LET SPACES BE YOUR WORKSHOP

Because artists need space.

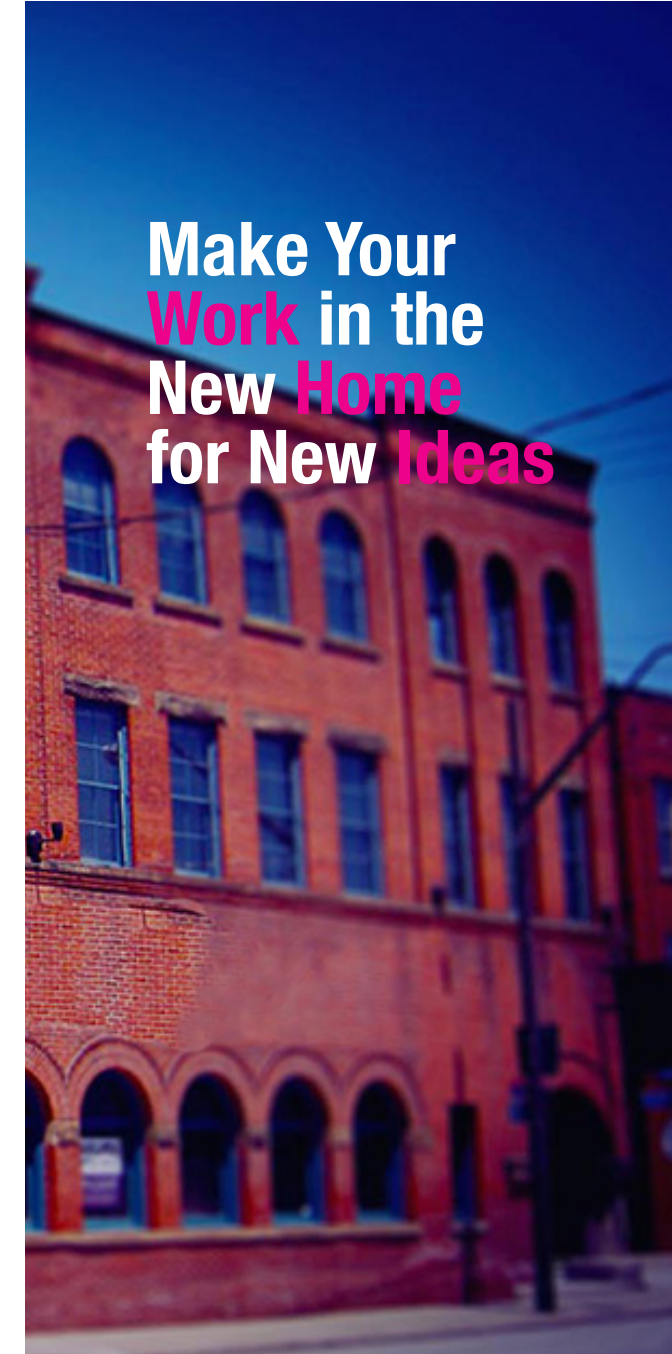

Since 1978 SPACES has provided a context for artists to create new work. Tap into your creative potential and make your art in our new production facilities. The SPACES Clean and Dirty Workshops are ideal for artists who need a space and equipment to realize their vision, but don't have regular access to tools. These workshops are designed specifically for artists, arts workers, carpenters, and freelancers who are involved in the creative sector.

Contact our Rental Associate at rentals@SPACESgallery.org to schedule your access.

THIS IS A SPACE(S) FOR YOU AND YOUR ARTWORK.
